

Dr Saveena  
Singh

**Dr Saveena Singh** MBChB, FRANZCP, MMedSc(UK), Adj Assoc Prof Bond University is a consultant psychiatrist with special interest in the area of women's health, which includes perinatal psychiatry including prescribing in pregnancy and breastfeeding, menstrual and perimenopausal mood disorders, substance use issues, trauma, depression and anxiety disorders. She also has an interest in youth mental health and general adult psychiatry with expertise in a wide range of psychopathology.

Dr Singh completed her medical degree in South Africa and then completed her Masters in Clinical Psychiatry in the UK, where she spent more than eight years working in the NHS. She moved to Australia where she completed her Fellowship in Psychiatry and now works as a consultant psychiatrist on the Gold Coast.

Holding an active interest and involvement in research, Dr Singh was a member of the John Cade Fellowship Trials working committee. She is also involved in the training and education of medical students and future psychiatrists as an examiner and adjunct associate professor at Bond University.

Dr Singh is also overseeing the development of Robina Private Hospital's perinatal disorders day program.

To arrange an appointment or referral, please contact Robina Private Hospital by phoning 07 5665 5155 or faxing 07 5665 5198.
